

## KD-340: Extra Heavy-Duty Degreaser

**KD-340** is a highly concentrated, butyl-based degreaser designed for the toughest of vehicle cleaning tasks.

The high-caustic formula has proven to be extra-effective in cleaning heavy equipment and off-road vehicles. It has the cleaning horsepower to remove heavy deposits of oil, grease and dirt as well as axle or fifth-wheel grease, hydraulic oils and diesel smoke stains.

KD-340 is formulated to pass through a pressure washer without damaging the high-pressure pump and is, therefore, safe to use through a pressure washer.

It is not recommended for use on aluminum, stainless steel, glass, plastic, paint or automotive finishes.

### DIRECTIONS FOR USE:

For general use, mix with water at a 128:1 dilution rate. Adjust dilution depending on severity of cleaning situation. Pre-treat stubborn areas with a concentrated solution. Less detergent is needed when applied with a hot water pressure washer.

**To Apply:** Spray diluted solution on surface and allow to penetrate, but not dry. Apply detergent from the bottom up and rinse from the top down. Always read the Material Safety Data Sheet.
